Program/135263459881450

For RAOB 6.1 users only. The latest version contains serial numbers
beginning with 6174, so if the first 4 digits of your RAOB serial
number are less, you should download the latest program update using
RAOB's Help menu (RAOB Program Updates) for the download link. This
update contains several error handling improvements.

For those who have a need for single-station capabilities, the optional
Fronts & Forecast module has what you need …

The RAOB 6.2 Beta program. The developing RAOB 6.2 program continues
to add new capabilities. The Batch & Timer function now has an option
to automatically merge temperature data from one sounding and wind data
from another sounding to create a new composite sounding…
http://www.raob.com/assets/images/RAOB_AutoMerge.jpg If you have made
a RAOB 6.1 purchase, you are eligible to use the 6.2 Beta program now
since you will be eligible for this free upgrade when RAOB 6.2 is
released later this year. If you want to use the RAOB 6.2 Beta program
now, or are not sure of your eligibility, just contact wxx@raob.com and
provide your RAOB serial number. Use the below link to view the
growing list of RAOB 6.2 Beta enhancements...
