

RAOB Friends & Users:

February 2012

You have received this message because you are a RAOB owner or friend. If you received this message in error or no longer desire to receive these messages, just respond to this message by indicating REMOVE in the Subject or Body of this message.

For RAOB 6.2 users only. The latest version contains serial numbers beginning with 6268, so if the first 4 digits of your RAOB serial number are less, you should download the latest program update using RAOB's Help menu (RAOB Program Updates) for the download link, or just use this direct link: <http://www.raob.com/filelinks/raob62update.htm> This update contains improvements to the Basic program and the Analytic module. The BUFKIT Decoder was expanded to recognize and list SREF ensemble data.

RAOB User Hint. For those who use WMO encoded sounding (TTAA, TTBB, etc.) data, please note that the RAOB.STN station locator file has been updated and can be downloaded here ... [http://www.raob.com/sound\\_stations.php](http://www.raob.com/sound_stations.php) You can use a text editor to personally modify this file, or you can access the file via RAOB's Edit menu options.

RAOB Customer Quotes of the Month:

- #1. Chief of Police / EMD: 'Thanks for the support and an awesome product.'
- #2. NWS Forecaster: 'Absolutely love you product - nothing but thumbs up.'

RAOB 6.3 Beta program. Development of the RAOB 6.3 Beta program continues. The Beta can now not only decode BUFKIT SREF data, but it can also automatically merge all ensembles into hourly composite soundings. The Beta also contains a new advanced PBL (Mixing Height) detection and analysis system. If you have made a RAOB 6.2 purchase, you are eligible to use the 6.3 Beta program now since you will be eligible for this free upgrade when RAOB 6.3 is released later this year. If you want to use the RAOB 6.3 Beta program now, or are not sure of your eligibility, just contact [wxx@raob.com](mailto:wxx@raob.com) and provide your RAOB serial number. Use the below link to view the growing list of RAOB 6.3 Beta enhancements... <http://www.raob.com/raob63beta.htm>
