

RAOB Friends & Users:

March 2013

You have received this message because you are a RAOB owner or friend. If you received this message in error or no longer desire to receive these messages, just respond to this message by indicating REMOVE in the Subject or Body of this message.

For RAOB 6.3 users only. The latest version contains serial numbers beginning with 6365, so if the first 4 digits of your RAOB serial number are less, you should download the latest program update using RAOB's Help menu (RAOB Program Updates) for the download link, or just use this direct link: <http://raob.com/filelinks/raob63upgrade.htm>

This update contains several additions, improvements and corrections the RAOB Basic program and the Interactive/Hodograph, Advanced Cross-Section, Special Data Decoders, and the Binary Decoders modules.

RAOB Module Sale. Use this link for the Turbulence & Mountain-Wave Module 25% off sale during March 4-13 ... http://www.raob.com/sales/sale_201303.pdf

RAOB Customer Corner. This link shows how RAOB's unique Turbulence & Mountain-Wave module can be used in wave turbulence investigations > <http://www.aero-news.net/index.cfm?do=main.textpost&id=d45ece19-02da-407a-88eb-cdc380ffff1e6>

RAOB User Hint. You can configure RAOB to select from a variety of CAPE options, including: SBCAPE, MUCAPE, and MLCAPE in either Standard or Virtual temperature mode, and even LFC or CCL lift mode. Just press F9 (or select Options, then Program Options) and then the 'Parcel Lifting & CAPE' tab. And don't forget that you can also view all CAPE modes at a glance by pressing the SpaceBar (or select the Listing menu) and then the 'Compare Indices' tab.

RAOB Customer Quote of the Month - from South Africa. 'I'm exceptionally pleased with RAOB. In particular the ability to ingest hundreds of soundings simultaneously in a single file.'

RAOB 6.4 Beta program. The RAOB 6.4 (Beta) program development continues to march forward. The Advanced Vertical Cross-Section module's maximum sounding limit has increased from 2,000 to 3,000 soundings per diagram. If you have made a RAOB 6.3 purchase, you are eligible to use the 6.4 Beta program now since you will be eligible for this free upgrade when RAOB 6.4 is released later this year. If you want to use the RAOB 6.4 Beta program now, or are not sure of your eligibility, just contact wxx@raob.com and provide your RAOB serial number. Use this link to view the complete list of RAOB 6.4 Beta enhancements -- <http://www.raob.com/raob64beta.htm>

Important ... If you have program comments or questions, please send them using a separate message to wxx@raob.com
