

RAOB Friends & Users:

April 2013

You have received this message because you are a RAOB owner or friend. If you received this message in error or no longer desire to receive these messages, just respond to this message by indicating REMOVE in the Subject or Body of this message.

For RAOB 6.3 users only. The latest version contains serial numbers beginning with 6366, so if the first 4 digits of your RAOB serial number are less, you should download the latest program update using RAOB's Help menu (RAOB Program Updates) for the download link, or just use this direct link: <http://raob.com/filelinks/raob63upgrade.htm> This update contains several improvements to the Special Data Decoders and the Merge modules.

RAOB News. NEW Discounts for Education . . .

>> Great discounts for Institutions > <http://raob.com/education.htm>

>> Greater discounts for Students > <http://raob.com/students.htm>

RAOB Module Sale. Use this link for the Fronts & Forecast Module 25% off sale during April 13-22 ... http://www.raob.com/sales/sale_201304.pdf

RAOB Customer Corner #1. See how RAOB's versatile display graphics and data analyses options were used for the study of a historic, severe weather, super outbreak. http://www.crh.noaa.gov/iwx/?n=superoutbreak_meteorology

RAOB Customer Corner #2. See how RAOB's analytic capabilities enabled detailed sounding comparisons in support of a WDC Mixing Height (PBL) study ... <http://www.atdd.noaa.gov/?q=node/79> RAOB can also provide comprehensive PBL analyses with its new Mixing Height configuration options ... <http://raob.com/pbl.php>

RAOB User Hint. If your sounding station elevation is 5,000 feet (or 1,500 meters) or higher, then you should be using the Desert (high-plains) mode. For more information, see Program Options, then the Algorithm Options tab.

RAOB Customer Quote of the Month - from Atlanta, Georgia. 'Your program is simply stunning!!! I have logged only four hours with it so far, but the richness of content and the depth of the user interface are exemplary!!!'

RAOB 6.3.1 Beta program. Beta development continues with several improvements to the Soaring Screen, the Advanced Merge module, and many other program functions. If you have made a RAOB 6.3 purchase, you are eligible to use the 6.3.1 Beta program now since you will be eligible for this free upgrade when RAOB 6.3.1 is released. If you want to use the RAOB 6.3.1 Beta program now, or are not sure of your eligibility, just contact wxx@raob.com and provide your RAOB serial number. Use this link to view the complete list of RAOB Beta enhancements -- <http://www.raob.com/raob631beta.htm>

Important ... If you have program comments or questions, please send them using a separate message to wxx@raob.com
