RAOB User Hint. Got fog?. RAOB can help. With the optional Analytic module, RAOB gives you 2 tools to detect the fog. (1) Use the Sounding Toolbar's 'Fog Layer' button to graph fog layers (wet, ice, and freezing) (<http://raob.com/assets/images/RAOBFogLayersLg.jpg>) where the Fog Threshold value is user-configurable (<http://raob.com/assets/images/FogLayerEditor.jpg>). (2) Use the Fog Index Table (<http://raob.com/fog.php>) to produce probabilities for both Radiation and Advection fogs.
